Subject: 25 mile road sidewalk

Craig,

25 mile road from Van Dyke to Jewell is very busy with traffic. Several times a month I see kids riding bikes or walking along that stretch of road without any shoulder or sidewalk for them to safely travel. Anyone in the area of 25 and Jewell who wishes to travel to Van Dyke via bike or walking has a choice to go south the 24 mile road or risk getting hit along 25 mile road. Can you provide any info regarding plans to construct a pathway in that area? Our sub (Whitney Estates) is basically land locked for any foot travel beyond our sub and forces kids to make dangerous choices. Any info would be greatly appreciated.

Thank You

Pete Basel
